CUPE'S
Cancer,
Scrofula,
Eczema,
Blood Poison
Malaria,
Ulcers,
and all Diseases
Caused from
Impure Blood

Cancer of the Tongue.
My wife, some three or four years ago, was trou-
bled with an ulcer on the side of her tongue near
the throat. The pain was incessant, causing loss
of sleep and producing great nervous prostration.
Accompanying this trouble was rheumatism. It
all passed from the shoulders and centered in the
wrist of one hand, the almost losing the use of it.
Between the suffering of the life had grown
worse. By the use of a half dozen small
bottles of Cupe's Specific, she was entirely
relieved and restored to health. This was three
years ago, and there has been no return of the dis-
ease.
H. L. MIDDLEBROOKS,
Sparta, Ga., June 5, 1896.
Treatise on Blood and Skin Diseases mailed free.
THE SWIFT SPECIFIC CO., Drawer 8, Atlanta, Ga.

DR. WASSERZUG,
Consulting Rooms, 734 Elm Street,
DALLAS, TEXAS.
ALL PRIVATE MATTERS CURED.
Prompt attention is given to all correspond-
ence. State symptoms, and medicine will be
sent O. D. every day.
Dr. Wasserzug is a regular graduate of 18
years' practice (diploma in office), and has
practiced in Dallas for over twenty years.

PROFESSIONAL
Hightower, Gail & Evans,

IMMIGRATION.

Various Cities, Towns and Communi-
ties Holding Meetings and Sending
Delegates to the Convention.

A Large Gathering May be Expected—A
General Demand from all Quarters
for Speedy Action.

Meeting at Albany.
ALBANY, TEX., Dec. 13, 1897.
To the Editor of the Gazette.

Last night the largest and most en-
thusiastic meeting held in our courthouse
for a year past, assembled to take action
in the movement originated by the Fort
Worth GAZETTE, and now agitating the
great state of Texas from center of cir-
cumference. Hon. Peter Hart, county
judge, was called to the chair, and L. J.
Thompson, editor of the Albany News,
was made secretary of the meeting.
Rousing speeches were made by some of
our leading citizens, and the following
resolutions were unanimously adopted:

Resolved, by the people of Shackelford
county in convention assembled, that we
heartily approve of the movement initiated
by the Fort Worth GAZETTE, the Dallas
News and the business men of the
cities of Dallas and Fort Worth, having
for its object the settlement and develop-
ment of Texas, and hereby pledge our
full and cordial support to said move-
ment.

Resolved, that it is the sense of this
meeting that cheap rates of railroad fare,
with liberal stop-over privileges from
eastern, northern and northwestern points
to all railroad points in Texas, will speed-
ily redound to the benefit of Texas at
large and the Texas railroads in particu-
lar.

Resolved, that this convention appoint
five delegates to represent Shackelford
county in this immigration convention at
Dallas on the 20th inst.

Resolved, that it is the sense of this
meeting that we organize ourselves into
a permanent immigration society, having
for its objects the diffusion of knowledge
as to the necessary advantages Shackel-
ford county offers to the immigrants.

H. C. JACOBS, Chairman Com.
The delegates elected to attend the
Dallas meeting were: A. A. Clarke, attor-
ney-at-law; W. D. Reynolds, vice-presi-
dent First National Bank; L. H. Hill of
Webb, Campbell & Hill, H. C. Jacobs of
Fisher, Jacobs & Stinson and L. H. Lee
of L. H. & W. C. Lee. The committee
were given full power to represent
Shackelford county at Dallas the 20th.

The meeting then proceeded to organize
a permanent immigration society in ac-
cordance with the above resolutions with
the following officers: Hon. Peter Hart,
President; E. E. Conrad, Vice-President;
L. J. Thompson, Secretary; Judge N. L.
Bartholomew, Treasurer; Hon. J. R.
Fleming, A. A. Clarke and A. J. Center,
advisory committee.

On motion the Secretary was instructed
to send the above to the Albany News,
the Fort Worth GAZETTE, the Dallas
News and the Waco Examiner with a re-
quest that they publish same.

PETER HART, Chairman.
L. J. THOMPSON, Secretary.

At Rockland.
ROCKLAND, TEX., Dec. 13.—The immi-
gration movement receives the approval
of the people of this county, and no doubt
we will have a representative at the Dal-
las convention.

At Brownwood.
BROWNWOOD, TEX., Dec. 15.—Our peo-
ple heartily indorse the immigration
move, and this county will be ably rep-
resented at Dallas on the 20th.

Hemphill County's Delegation.
CANADIAN, TEX., Dec. 15.—Hemphill
county sends Hon. B. M. Baker, ex-mem-
ber of the Legislature, ex-superintendent
of public instruction and Hon. L. E.
Finch, ex-Senator of Kansas, to the Dallas
convention.

At Roby.
ROBY, TEX., Dec. 15.—The people of
this (Fisher) county are heartily in ac-
cord with the immigration movement now
on foot, and propose to hold a rousing
meeting here on the 16th inst., and elect
a delegation to the Dallas convention.
The general impression is that much good
will result from that convention. The
covered wagon of the new letter has been
a frequent visitor all the fall, and the cry
"still they come," but there is plenty of
room yet and choice lands to be easily
gotten, and cheaper than they will be ever
again.

County Meeting Called.
WAXAHACHIE, TEX., Dec. 14.—Mayor
DuBose has made a call for the citizens
of Ellis county to convene in this city on
the 17th inst. to select delegates to the
state immigration convention to be held
in Dallas December 20.

Sherman's Delegation.
SHERMAN, TEX., Dec. 15.—The Sher-
man Improvement Bureau held a special
meeting to-night for the purpose of ap-
pointing delegates to attend the immi-
gration meeting to be held at Dallas on
Tuesday, Dec. 20. The following dele-
gates were appointed: A. W. Byers, J. B.
Brown, J. W. Hearne, J. T. Evans, A.
Fulton, J. H. Dills, P. Harrison, Dr.
Lewis, J. Cal Eubank, C. N. Roberts,
J. R. Cole, T. D. Joiner, Tom Randolph,
Joseph Biedsoe, J. C. Tasse, Jake Levy,
Turner Wilson, G. W. Marshall, J. M.
Cullers and F. C. Dillard. To this num-
ber was added one representative from
each newspaper published in the city.

At Greenville.
GREENVILLE, TEX., Dec. 15.—Consi-
derable interest has been awakened here up-
on the subject of immigration and the
securing to Texas of equal
rates with California and other

favored states. In compliance with
the solicitations of many citizens,
Mayor W. G. Perkins has called a meet-
ing at the courthouse for to-day at 4 p.
m., for the purpose of selecting repre-
sentatives in the Dallas immigration con-
vention of the 20th.

At Midland.
MIDLAND, TEX., Dec. 15.—Midland is
interested in the immigration move, and
will send a strong delegation to Dallas.

CORNICANA.
A Foreman Fatally Injured—A Clew to the
Whittamore Murder.
CORNICANA, TEX., Dec. 14.—B. F.
Denny, foreman of the surfacing gang on
the Hillsboro extension, was run over on
yesterday evening this side of Blooming
Grove by a hand-car, and had his spine
broken. He was brought here last night,
and it is thought that he cannot survive.
This is one of the most unfortunate occur-
rences that has taken place on the new
road. He was well liked by everybody,
and would have been promoted next
month to the position of roadmaster on
the extension.

The officers say they have about suc-
ceeded in getting a clew to the perpetra-
tors of the horrible crime of murdering
M. A. Whittamore, who was found in a
dying condition a few days since near the
Central depot and who has since died.

Messrs. Terry & McAffee, grocery mer-
chants, about whom damaging and mali-
cious statements were recently made in
regard to their financial condition, have
satisfied their creditors and are going
ahead with their business as if nothing
had occurred.

The city is full of tramps and vagrants.
Ex-Sheriff E. E. Dunn was robbed last
night of \$27.50. The thief slipped in his
room while he was asleep and took the
money from his pants pocket. There is
no clew as yet to the scoundrel.

EL PASO.
An Interesting Civil Case—Opera House is
Completed.
Special to the Gazette.

EL PASO, TEX., Dec. 15.—The largest
and perhaps the most interesting civil
case that came up at this term of the Dis-
trict court was decided to-day. The title
of the case is George Rand vs. W. W.
Williams of San Francisco, and involved
the ownership to two blocks of ground
on El Paso street and worth about \$50,
000. Rand has been living on the land
twenty-two years, but never received his
deed nor paid the taxes on the property.
He claimed, however, to have paid for the
land, but the vendor died before execut-
ing the transfer. The jury took this view
of the case and rendered a verdict in
favor of Rand. Several fights occurred
among the jurors before they arrived at a
decision.

The Mer opera house, owned by H. C.
Myer of Camden, Ark., was completed to-
day at a cost of \$80,000 and will be de-
dicated to-night, when the play of Monte
Cristo will be presented by an eastern
company. The building is three story
and will seat 1500 people.

The Splendor of Dress
And the artificial effects of cosmetics, no
matter how deftly applied, can make never
beautiful or attractive one who is subject
to emaciation, nervous debility, or any
form of female weakness. These must be
reached by inward application, and not by
outward attempts at concealment, and the
ladies may take hope from the fact that
thousands of their sisters have made
themselves more radiant and beautiful by
the use of Dr. Pierce's "Favorite Pre-
scription" than they could ever hope to
do by the aid of the appliances of the toilet.

Holland.
Special to the Gazette.
HOLLAND, TEX., Dec. 15.—Chiss Staf-
ford, who was sent from this county some
months since to the asylum at Austin,
was to-day brought back and turned over
to his brothers by the asylum officials, in
a much improved condition.

J. M. Joiner, the Baptist missionary to
China who was sent from this state three
years ago, arrived via San Francisco yes-
terday, together with his wife and two
children. He visits his aged father and
other relatives in Bell county, taking
them all by surprise.

Whitewright.
Special to the Gazette.
WHITELIGHT, TEX., Dec. 14.—At an
adjourned regular meeting last night the
Town Council, by the suspension of the
rules, adopted an ordinance prohibiting
gambling and selling merchandise on
Sunday.

Three state convicts escaped from their
guard last night at the junction of the
Missouri Pacific and Texas and Pacific
Railroads, about seven miles north of
here. Parties are out in search of them,
but as yet are not on their trail.

Coal Near Kosse.
Special to the Gazette.
KOSSE, TEX., Dec. 15.—Mr. R. A.
Bouch, while digging a well on his place
three miles east of Kosse last week, ran
across a six-foot vein of coal fifty feet be-
low the surface. The coal burns splen-
dently and does not crack when exposed
to the weather. It is considered by those
able to judge to be a very superior article.

Hillsboro's Artesian Well.
Special to the Gazette.
HILLSBORO, TEX., Dec. 15.—The ar-
tesian well man has covered in his
machinery, and is now enabled to pro-
ceed with his work in the worst of
weather. His contract is to go down
1000 feet, before receiving any compensa-
tion, unless he should obtain water at a
less depth.

Mrs. Astor's Funeral.
NEW YORK, Dec. 15.—The funeral of
the late Mrs. John Jacob Astor took place
this morning from Trinity chapel. It was
attended by all the wealthy families of
note in the metropolis. The edifice was
thronged to the doors, and many could
not get in at all.

Harper in Stripes.
COLUMBUS, OHIO, Dec. 15.—E. L.
Harper, the convicted ex-banker, donned
the stripes in the Ohio penitentiary to-
day, but will retain his moustache and
hair for a time. He has been assigned to
a position as clerk in the office of the
secretary.

Usually such things are advertised pos-
sessed no value. But who would say that Dr. Ball's
Cough Syrup possesses no merit? It is the
standard remedy of our age. Price 25 cents a
bottle.

LLANO COUNTY.

A County of Mountain and Valley, of
Minerals and Minerals, of Running
Streams and Fertile Fields.

Mountains of Wealth Lie Hidden Awaiting
the Advent of Capital and Labor—Pros-
pects Made and Future Prospects.

The state of Texas is an empire in it-
self and possesses many and varied re-
sources. The expansive and rolling
prairies remain to tell us what Texas
once was; the well-tilled fields, checked
off and divided for miles and miles be-
yond the vision's reach, show where the
thrifty husbandman has subdued the soil
and erected his family altar; in other
districts are the majestic pine and oak
forests awakened by the noise of hun-
dreds of sawmills, or resounding with
the echoes of the woodman's ax; there
are deep glens, impassable marshes
where the bittern stands pensively and
agitatedly rise whose beetling crags
frown ominously. Texas is a land of
variety, of resource, of scenery varying
from the dreary cañon covered moor to
the extreme of picturesque luxuriance.
Indeed she is a very Babel of attractions.
From the low lands on the coast, where
the gulf breezes come freighted with the
sea's mournful monotone, far up to the
high lands where the fresh footprints of
a new and advancing civilization are yet
visible, there are to be found every
variety of soil known and beneath this,
every character of mineral wealth all
awaiting labor's powerful alchemy to
appropriate and convert them to and
into the comfort and blessing of man-
kind. In no county, perhaps, has nature
been more lavish with her gifts than
Llano. Here is found thousands of acres
of fertile, arable land, springs and rivers
of living water, forests of timber, moun-
tains of mineral wealth. Iron ore that as-
says 65 to 80 per cent. pure metal, mount-
ains of lithographing rock—the most val-
uable known—white quartz silver that as-
says eighteen ounces to the hundred
pounds, inexhaustible quarries of marble,
pure white, red, dark and blue stains;
rich copper ore, soapstone, granite
rock, asbestos, and other
minerals of great value. The
little town of Llano is attracting attention
as will be evidenced by the fact that since
June last over \$50,000 worth of town lots
have been sold and valuable mining prop-
erty has been purchased by capitalists,
who will at once proceed to develop it,
and in a short time the smoke of furnaces
and the hoarse groanings of quartz crushers
will be heard in her mountains. A
number of Fort Worth people have in-
terested themselves and are very enthusias-
tic over their prospects. And here a brief
history of the county may not be amiss:

Llano county, on the west side of the Colo-
rado, sixty-five miles above Austin, is
bounded on the east by said river and
Burnet county, on the south by Blanco
and Gillespie counties, on the west by
Mason and McCulloch counties, and on
the north by San Saba county. It em-
braces 614,394 acres of land, one-third or
200,000 acres being first-class arable land.
The soil is a sandy quality, varying from
the light to the black and red sandy, with
a clay subsoil everywhere at a depth of
from eighteen to thirty-six inches. Corn
and cotton, oats, wheat, barley, rye, mil-
let, and the grasses of every character, as
well as vegetables and fruit of every kind
and grapes grow luxuriantly and in abun-
dant crops can be raised in Llano county
with less rain than anywhere else in
Texas. The county is mountainous, with
an altitude of about 1500 feet. It is well
watered by the Colorado and Llano rivers
and by numerous fine springs and creeks
of living water. Llano county was or-
ganized August 6, 1857. In 1870 she had
a population of 1310—in 1880 of 5000. She
now has a population of 10,000. In 1870
her taxable values amounted to \$430,000;
in 1880 to \$960,000; in 1887 to \$2,640,000,
and in 1888 will be \$3,500,000.

Llano county is thought to be the richest
county in the United States in mineral
ores and fine stones. She has the man-
ganese, zinc, copper, silver, gold and
lead ores; gypsum, out of which to
manufacture plaster of paris, a hy-
draulic lime stone, which makes
a cement equal, if not superior, to the
Portland cement. Seven or eight vari-
eties each of granite and marble, graphitic
or stone polish, asbestos mica, the gold
leaf and white mica, soap stone, which
stands unequalled as a fire proof ma-
terial, and moss agate, garnets, rubies and
the Bessemer steel, iron ore, in inex-
haustible quantities. Llano town upon
Llano river, about the center of the
county, is the county seat. It is a thriv-
ing, thrifty town of about 1000 inhabi-
tants. It is clean and picturesque; has
about forty business houses in which
every line of business is represented; has
two church buildings completed and one
under way of construction; a \$45,000 jail,
a \$15,000 public school building,
and a small system of waterworks, which
furnishes pure, sparkling, limpid water
from the Llano river. Her tax rolls show
the following stock assessed for taxes for
1887, viz: Ten thousand hogs, 25,503
sheep, 7102 horses, and 42,835 head of
cattle, and 1544 persons pay poll tax. Not
more than one-tenth of the land suitable
for agriculture is in cultivation. Llano
is the best agricultural, stock raising and
mining county, combined, in the United
States; good grass lands can be had at
from \$2 to \$3 per acre; unimproved
farming land at from \$2.50 to \$5, and
mineral lands at from \$4 to \$10 per
acre. Llano extends an in-
vitation to investors and energetic
home seekers and capitalists to visit her
and investigate her resources.

As an evidence of what progress has
been made in the county it may be ob-
served that in 1880 the first cotton was
planted and that this year, notwithstanding
the drouth, there will be about, or
exceeding 2000 bales of the fleecy staple
raised. In this time fifteen gins and
mills have been erected, all of which are
doing a good business. Of these fourteen
are run by steam and one by water power.
The mining industry will soon absorb the
most attention as capitalists are coming
in and the people soon expect to have a
boom that will make of the county one of
the wealthiest and most populous in the
state. Home seekers should not pass
Llano without examining her attractions
and capitalists will find there eligible in-
vestments.

Change of Venue Granted.
Special to the Gazette.
PALESTINE, TEX., Dec. 15.—Judge
Williams this morning secured the con-
sideration of a fitting point for a change
of venue in the case of the State vs.
Chris Rogers, who killed Thomas O'Don-
nell on the 19th of May last in attempting
to arrest him and after having been shot
first by O'Donnell. The defense desired

to try the case in Cherokee county. This
county is out of Judge Williams' dis-
trict, but the defense believed that less
prejudice existed there for or against the
state or defendant than in any other ad-
joining county. The District Attorney
objected to Cherokee, but suggested
Houston or Henderson county. Judge
Williams decided to move the case to
Henderson county, the home of Prosecut-
ing Attorney Faulk.

IVES IN COURT.
His Counsel Moves to Dismiss the Com-
plaint.

NEW YORK, Dec. 15.—Henry S. Ives
was arraigned this afternoon in the
Tomb's Police court charged with stealing
\$100,000 from the Cincinnati, Hamilton
and Dayton Railway. Julius Dexter,
president of the road, was examined.
He testified that Ives had never account-
ed for the \$100,000 draft in question. He
said he had been an officer of the com-
pany only since August 11. He owned
two shares of stock, which had been
transferred to him by Ives, who controlled
seven-eighths of the stock of the Cin-
cinnati, Hamilton and Dayton. He
could not be positive that Ives had
not notified the treasurer of the draft
transactions. When Ives threatened to
enjoin him from raising the Evans loan
he threatened to proceed against him
criminally. The witness was now prosecut-
ing without authority of the Cin-
cinnati, Hamilton and Dayton. An
examination of the books showed
that on July 6, Ives loaned to Robert Gar-
rett \$200,000. This \$100,000 was charged
to Ives's trustee.

Mr. Johnson, counsel for Ives, moved
to dismiss the complaint on the ground of
want of evidence and Justice Kilguth
took the papers.

ANTI-CLEVELAND ELEMENT.

It is Joined by Senator Gorman of Mary-
land.

ST. LOUIS, Mo., Dec. 15.—A special
dispatch from Washington says: "It has
become a matter of public notoriety that
Eugene Higgins was summarily removed
from his place in the Treasury Depart-
ment at the direction of the President.
Senator Gorman is furious over it. He
made the retention of Higgins a personal
matter and now does not hesi-
tate to denounce the President in
unmeasured terms. Gorman
is chairman of the executive committee
of the national Democratic committee.
He was given more credit than any other
man for the result in New York in 1884.
The fact that there is an open rupture
between the Maryland Senator and the
President causes great excitement and
delights the anti-Cleveland Democrats,
who, for the first time in months, begin
to talk about the possibility of beating
Mr. Cleveland for re-nomination.

OLD ALCALDE MARRIED.

Ex Governor O. M. Roberts Married at
New Braunfels.

SAN ANTONIO, TEX., Dec. 15.—Ex-
Governor O. M. Roberts, known all over
the country as the "Old Alcalde," and
who was Governor of Texas for two
terms, from 1878 to 1882, was married
this evening at New Braunfels, about
thirty miles north of this city, to Mrs. Kate
Borden, an elderly widow of Tyler. The
marriage was quietly consummated at the
house of the bride's daughter, Mrs. J. A.
Arnold, whose husband is a leading
citizen of New Braunfels. The ex-
Governor is over seventy years old, and
has been married twice before, while his
new bride is sixty-five years, and has a
large number of grown grandchildren.
Immediately after the marriage, the hap-
py couple took the train for Austin,
where the groom is a professor of law in
the Texas University.

Freights in Collision.

LITTLE ROCK, ARK., Dec. 15.—Two
trains collided on the Iron Mountain
Railway at Loomis' mill north of this
city last night. All trains were delayed
until this morning. The engines were
completely demolished and twenty-eight box
cars loaded with cotton and merchandise
were wrecked. Two tramps who were
on one of the trains have not been seen
since the wreck, and it is supposed they
were killed and the bodies buried.

In Favor of Dakota as One State.

ABERDEEN, D. T., Dec. 15.—The ad-
mission-as-one-state convention came to
order at noon and organized temporarily,
with H. C. Preston of Mitchell chairman.
The principal business of the convention
will consist in the adoption of a memorial
to Congress for the admission of Dakota
as one state and the appointment of a lob-
bing committee to go to Washington.
The opening of the Sioux reservation will
be favored.

A Woman's Tongue Out.

MERIDIAN, MISS., Dec. 15.—Informa-
tion has been received here from Smith
county that Mrs. Fanny Husbands while
traveling to her brother's house, some
miles from her own home, was assaulted
by a negro and robbed. After committing
the robbery the negro cut out the lady's
tongue. Mrs. Husbands recognized the
negro and wrote his name so that he
would be arrested.

Accidentally Shot Near Ladonia.

LADONIA, TEX., Dec. 15.—Constable
Russell Hill, of this place, while out
hunting wild hogs this afternoon, was ac-
cidentally shot and killed by a comrade
named Peck, who was a brave and effi-
cient officer and very popular with every-
body. He leaves a large family.

Hotel Blown Down.

LOS ANGELES, CAL., Dec. 15.—A heavy
wind prevailed yesterday at Crescent,
a town ten miles north of here, and an hotel,
with sixteen inmates, was blown
down. Mrs. Clementina Arnold and her
ten-year-old daughter were killed. All
the others were badly injured.

A Deserter Arrested.

SPECIAL TO THE GAZETTE.
FORT SMITH, ARK., Dec. 15.—John
Gillroy, a deserter from Company C, First
United States Artillery, was arrested to-
day by Deputy United States Marshal J.
C. Rushing, who has wired the fact to the
commanders at Fort Hamilton, N. Y.

Governor Bodwell Dead.

HALLOWELL, ME., Dec. 15.—Governor
Bodwell died this morning. His death
was caused by congestion of the lungs,
caused from exposure and over-work.

WAXAHACHIE.

An Engine Jumps the Track—Real Estate
Boom Still On.

Correspondence of the Gazette.

WAXAHACHIE, TEX., Dec. 14.—Some of
the M. D.'s. of this city met one evening
last week and organized a society to be
known as the "Academy of Medicine,"
which will meet every Thursday evening,
where many and various subjects per-
taining to the science of medicine will be
discussed.

Monday evening an engine of the work
force on the Fort Worth and New Orleans
Road jumped the track about midway
between Waxahachie and Midlothian.
Fortunately the engineer and dremman
escaped without injury, but the engine
was badly wrecked.

The streets of this city have become so
muddy and disagreeable by the recent
rains that the city fathers have put a force
to work scraping the mud off, down to
the ground, the whole square having once
been covered, some years ago, with
gravel to the depth of twelve inches.

Mayor DuBose has given notice by
publication that the ordinance pertaining
to the shooting or firing of the crackers
and all other fireworks within the corpo-
rate limits of the city, will be strictly en-
forced during the coming holidays, as
well as at other times.

Among other features of progress in
our city, it is noticed the recent organiza-
tion of a largely attended dancing school.
Notwithstanding the inclement weather,
the boom in Waxahachie real estate
continues, as also does the building man-
ia. Six new business houses are in
course of construction adjoining the
court square, and as many more residence
houses are being constructed throughout
the city.
